

# THE FIRST NAME IN CABLE RAILING

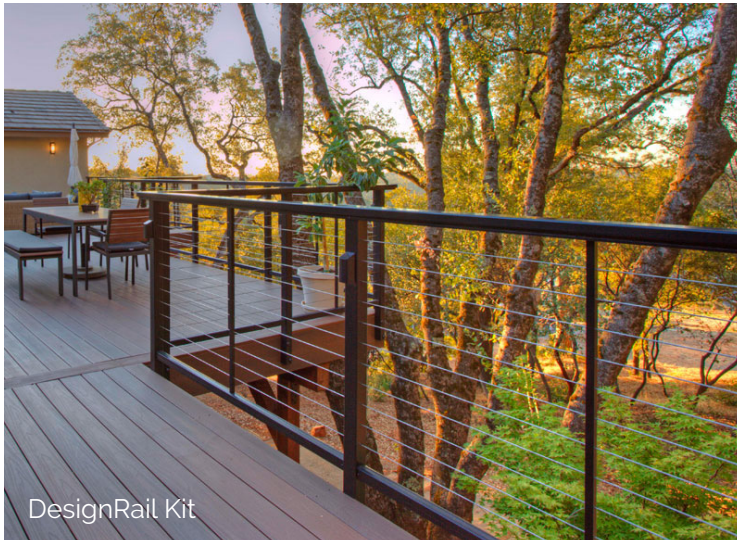

Cable Rail

# The Original Cable Railing Brand

In the 1980s, Feeney developed deck railing using cable runs as a modern, view-driven railing option. Then they launched the style by simplifying cable railing into straightforward kits that anyone could understand and install.

# The Best Deck View Possible

Feeney originated the cable railing category in coastal regions as a way to highlight amazing deck views. Stainless steel cable's earthy gray color and thin lines create a railing that virtually disappears into the natural beauty beyond.

# Proven Performance & Easy Maintenance

With decades of experience leading the industry, Feeney is trusted nationwide for stunning cable railing setups that stay strong and code-compliant for years with minimal maintenance.
