

Inspiration For Outdoor Living™

A close-up photograph of a dark brown, textured metal railing system. The railing features square balusters with decorative, multi-tiered tops. A handrail with a decorative profile runs along the balusters. The background shows a blurred outdoor setting with green grass and a blue sky with light clouds.

Classic Matte Black Balusters
and Stylepoint Post Caps

Composite railings that are twice as nice.

Deckorators® CXT Railing is co-extruded from two layers of materials, making this one beautiful and tough railing system. The core is made with Strandex® —the most tested and trusted composite technology—while the outer cap-stock layer gives CXT Railing the look of painted wood and makes it ultra scratch- and weather-resistant.

A wide variety of styles lets you design a railing that's perfectly suited to your individual tastes. CXT Railing comes in three profiles, three classic colors, two heights and two section lengths. And CXT Railing offers literally dozens of stylish baluster and post cap options. CXT Railing products are a snap to install, with pre-drilled rails for attaching balusters and unique hidden fasteners that speed up installation.

Stately post sleeves.

Deckorators CXT Post Sleeves perfectly coordinate with the look of our horizontal rails. They are attractively designed with thicker corner walls to ensure optimum long-term performance. Post sleeves come in two sizes and three colors to match the rails. Traditional size is perfect for standard railings; Paramount size is ideal for joining angled railings or at the end of stairways.

Finish each post at the base with a color-matching post skirt to complete the look while adding a little extra protection against the elements.

CXT Composite Post Sleeves are designed with thicker corner walls for increased, long-term performance

Hundreds of combinations.

CXT railings are made to work with most other components in the extensive Deckorators line, allowing tremendous flexibility to design deck rails that look exactly the way you like—and perform beautifully for decades.

Choose from a wide range of baluster styles in aluminum, composite or glass. Use Deckorators baluster accessories—including the Duo Connector,[™] collars and centerpieces—to add even more flair.

The versatility of CXT Railing allows for different baluster options without voiding the warranty. Our railing is backed by a 20-year limited warranty, which covers installations using Deckorators CXT, aluminum and glass balusters and accessories.

Gorgeous accents, from top to bottom.

Deckorators CXT Post Caps add practical functionality and a distinctive finishing touch to your CXT Railing.

Four designer CXT post cap options are available for traditional post sleeves, each in white, black or bronze. Choose from traditional, genuine copper clad or Tiffany-style art-glass designs. You can also select solar-powered post caps to add soft lighting on your deck.

Or, top off Traditional post sleeves with a VersaCap. Available in High Point Pyramid or two solar-powered options, in copper, black or white.

VersaCaps™ For Traditional Post Sleeves

Copper High Point VersaCap

Copper Solar VersaCap

VersaCaps come with three inserts nested inside the base, making them adaptable to nearly all posts ranging from 3-1/2" x 3-1/2" to 4-5/8" x 4-5/8."

CXT Bronze Colonial Rail with Bronze Composite Balusters and Mission Post Caps

Copper Solarband VersaCap

VersaCaps™ are also available in white and black

CXT Post Caps are also available in black and bronze

CXT Post Caps For Traditional Post Sleeves

Tiffany-Style Mission White Post Cap

Copper White Post Cap

Traditional White Post Cap

White Solar Post Cap (not available in bronze)

Stylepoint Post Caps

Stylepoint Classic Post Caps
can be used alone

4-9/16"
For Traditional
Post Sleeves

5-1/2"
For Paramount
Post Sleeves

or with a Copper
or Tiffany-style Mission top

for a post cap
with a lasting impression

Stylepoint Post Caps
are also available
in black and bronze

Deckorators CXT Stylepoint post caps bring design flexibility to the top of the post. Use Stylepoint classic post caps alone for a simple, elegant finish – or add a Stylepoint top to the cap for a look that reflects your individual taste.

Stylepoint classic post caps come in two sizes to fit Traditional and Paramount post sleeves. Each size is available in black, white and bronze colors. To further enhance the look of your rail, choose from Tiffany-style mission glass or copper-clad Stylepoint tops. Tops can be mixed-and-matched with any size and color Stylepoint post cap.

Unmatched versatility

Deckorators CXT Railing gives you freedom to design with your unique style and taste. Alternate two different style balusters or use cast-stone postcovers instead of post sleeves. Add solar lighting for an intimate glow or try something new and unique. With three railing profiles, three colors, two post sleeve options, multiple post cap options and a wide array of Deckorators innovative balusters and accessories to choose from, the possibilities are endless.
