Westbury® Aluminum Railing powder coating is an uncompromising quality created by state-of-the-art technology. AAMA 2604 and AAMA 2605 is the highest quality powder coating on the market. With a lifetime limited warranty offering you peace of mind in your investment, in your home, and in your outdoor living space.

**Exclusive DSI Powder Coating Process**

1. The raw premium-grade aluminum is inspected to be free of blemishes and is not exposed to the outdoor elements.

2. The product enters a heated acidic cleaning stage to remove extrusion debris and fabrication oils.

3-6

CLEAN: City water rinse
CLEANER: Recycling reverse osmosis water rinse
CLEANEST: Pure reverse osmosis water rinse
SEALER: Dried-in-place aluminum sealer

7-8

A 200 MPH air blast removes water drops from the pre-treated aluminum. A convection oven completes the dry-off process.

9

Powder is applied with 18 automated and 2 manual spray guns. Compressed process air is dried to -35°F Dew Point for superior adhesion.

10

The powder coating is then bonded and adhered to the aluminum sub-straight in a 400 degree cure stage.
Westbury® Aluminum Railing is offered in a variety of standard colors, as well as custom colors, to complement your style. From satin colors to textured colors to multi-colors the possibilities are endless. Westbury® C Series Aluminum Railing and ScreenRail is offered in 12 standard AAMA 2604 colors. Custom colors and AAMA 2605 colors are available by special order.

Colors shown are a close representation of the true color. Please consult actual samples for accurate powder coating colors.
The Tuscany Series creates a welcoming retreat featuring a classic 2-rail design. This design is accented with a stylish top rail and either square (Style C10*) or round (Style C101) balusters.

Montego (Style C20) creates an eye-catching look with the curved lines of architectural balusters. Imagine an inviting design like this for your home.
Veranda (Style C70) creates a phenomenal viewing area. The crystal clear design incorporates full glass panels into the classic 2-rail design. Whether you have a view of land or water, Veranda gives you an open concept with the security of a full railing section.

Glass may be sourced locally, for this option purchase Veranda without the glass.

CCRR-0163 complies with IBC, IRC, and FBC
It’s your view – don’t hide it. With contemporary vertical cables and balusters VertiCable® provides architectural style with a virtually unobstructed view. VertiCable® (Style C80) sections are factory assembled, tensioned, and shipped on pallets ready for quick installation.
DSI offers gates for most of our Westbury® Aluminum Railing products. (Gates are not available in the Montego and ScreenRail lines.) Gates allow you the flexibility to “enclose” your railing area keeping your family safe from stair hazards and your pets limited to your deck and/or patio area. All Westbury® C Series gates, with the exception of Veranda, are adjustable gates. (Veranda is a welded gate)
Drink Rail adapts to all Westbury® C Series designs. Pre-drilled and ready to install, Drink Rail mounts sturdily and is ready for your wood or composite material to be attached. Convenient and beautiful, Drink Rail creates the perfect spot for your morning cup of coffee or a cool drink in the afternoon.

2. Internal Connector
3. Collar Rings (to cover splice)
4. Internal End Cap
5. 90° Welded Elbow
6. Inside Corner Mount (attaches to post)
7. Wall Mount
Expand your living area and enjoy the outdoors without the insects. ScreenRail features the option of either a structural balcony/railing system or heavy-duty kick panel system. Features include easy to assemble sections, assembled universal door (right or left hand hinge) with heavy-duty frame, and durable flat spline to secure the screen. With a Lifetime Limited Warranty, ScreenRail is a premium system designed to keep you outdoors without being “bugged” by insects.
